A RETURN OF FLUSH TIMES.

Two Young Ladies Carried Over a Precipice by a Runaway Team.

[Special to the Herald by the Associated Press.]

SAN FRANCISCO, November 29.—The excitement in the mining stock boards continued to-day with slightly advanced prices but fewer sales, holders not being desirous of selling. The greatest rise was in Best and Belcher, which closed on Saturday at $12 75. It opened to-day at $18 and then gradually fell away and closed at $16 75. Ophir took a considerable rise from its closing price of $12 50 on Saturday. It jumped to $17. At the opening of the board to-day it advanced to $18 and went back at the close to $15. The greatest excitement and fluctuations, however, prevailed in Consolidated California and Virginia. It closed on Saturday at $35. It opened at the same figures this morning and declined to $34; then advanced to $37 at the midday session and closed at $34.

The advance was all along the line, being the most marked in Comstock. Every stock listed felt the effect of the upper current. The sales were the largest of any during the present revival, being the greatest among the less prominent stocks. Among the most noticeabe advances made were those in Alpha and Consolidated, which closed at $2.55 on Saturday and closed to-day at $4 Alta, which closed Saturday at $2.45, closed to-day at $3 70. Belcher, Saturday, $2.50, to-day, $4. Choller, $4.50, to-day. $6.25. Confidence, Saturday, $5, to-day, $8 87½. Exchequer advanced from $1.05 to $5.50. Gould & Curry from $5 to $7.12½; Hale & Norcross from $3.70 to $5.37½; Mexican from $6.12½ to $7.87½; Potosi from $4.95 to $7. Savage from $7.50 to $10 25; Sierra Nevada from $5.37½ to $7.12½; Union Consolidated from $3 85 to $5 85; Utah from $3 75 to $6; Yellow Jacket from $3 75 to $5.50.

SAD ACCIDENT.

Two Young Ladies Carried Over a Precipice.

PINOLE, November 29.—This afternoon while the Misses Pfister were out riding in their carriage the horses became frightened and dashed madly down a steep hill, at the bottom of which there was a precipice into which the carriage and occupants were carried. The horses were both killed instantly. The young ladies are suffering from broken bones and serious internal injuries. Their recovery is doubtful.

MERCED NEWS.

Arrested for Arson—Prisoners Try to Escape.

MERCED, November 29.—Milton F. Reaves and Wm. H. Hamlin were arrested at Hopeton on Saturday last and lodged in jail here the same night for aiding in the crime of arson in burning Chas. O. Buckley's store, dwelling and saloon at Hopeton about the 2nd inst. Warrants were also issued for the arrest of Chas, O. and S. P. Bucklew, now in San Francisco, for complicity in the same affair. The affair is a surprise to the community, the Buckley family having been regarded as good citizens.

The prisoners in the county jail made a break for liberty Saturday night or Sunday morning by digging through a wall of the building near the ground, proceeding so far that two of them crawled through the hole, when they were met by resolute men with drawn pistols, and were forced to return. A strong guard of deputies is now kept around the jail to prevent escapes until the jail is made secure.

A HOMESTEAD CASE.

What Constitutes an Abandment of a Homestead.

SAN FRANCISCO, November 29.—The Supreme Court rendered a decision today in the case of Tipton and wife vs. ...in. It appears that Tipton had a ...tead in Marin county upon which Martin levied an execution; Tipton thereupon commenced action to enjoin the sale on the ground that being a homestead the place was exempt from execution. Defendant, in answer, claimed that the plaintiffs had relinquished their homestead by abandonment, having taken up a permanent residence elsewhere. In deciding the appeal the Supreme Court held that a homestead, instead of only being founded upon occupancy by a family, once founded continues such until abandoned by an express declaration of abandonment executed and acknowledged by the husband and wife, and the abandonment is effectual only from the time it was recorded.

Continued.

SAN FRANCISCO, November 29.—The trial of George D. Gardiner for the murder of Eugene F. Suiadon, on the 29th of August last, came up before Judge Van Fleet of Sacramento to-day, who is to try the case at the request of Judge Wilson. The attorney for the defendant, H. ... Highton, asked the court for a continuance until Wednesday of next week, when he would be finished with the Pratt forgery case, in which he was attorney for Pratt. The Judge, however, ordered the case continued until Monday next, remarking that if defendant's counsel is not ready to proceed with the case that day, defendant must secure other counsel.

Customs Officers' Picnic.

SAN FRANCISCO, November 29.—The Deputy Surveyor of the Port, accompanied by a posse of Custom House officers, boarded the revenue cutter Richard Rush yesterday and the vessel steamed out to sea. The object of the movement is to intercept the steamship Rio de Janeiro which is due from Hong Kong and which is believed to have a large quantity of contraband opium on board.

Massacred by Natives.

SAN FRANCISCO, November 29.—The steamer Australia, which arrived last night from the South Pacific, brings news of the seizure, October 30th, at Cooktown, New South Wales, by natives, of the pearl fishing vessel Emily, and the massacre of the captain and the crew of eight persons. The natives then plundered the vessel and set her on fire.

A NEW CABLE.

One to be Built from New Zealand.

SAN FRANCISCO, November 20.—Advices from New Zealand state that a company has been organized to construct a Pacific cable to cost ten million dollars, as follows: From Brisbane or some port of New South Wales to the North Cape, New Zealand, thirteen hundred knots, to the Figi Islands twelve hundred and forty knots, to Tanning Island two thousand two hundred and seventy knots, to the Sandwich Islands, twelve hundred and sixty knots, to Vancouver Island two thousand seven hundred and thirty knots, across the island and the Straits of Georgia to Vancouver City on the mainland, the terminus of the Canadian Pacific Railway, one hundred knots. An annual subsidy of half a million dollars is expected to be obtained from the Colonial and Imperial governments jointly.

Of Benefit to San Francisco.

SAN FRANCISCO, November 29.—The recent purchase of the South Pacific Coast Railroad by the Southern Pacific Company will undoubtedly prove to be of benefit to this city and Oakland. It is now stated that it is the intention of the Southern Pacific Company to ultimately run ferry trips between this city and Oakland and Alameda at intervals of fifteen minutes during certain hours of the day instead of half-hour intervals as heretofore. It is intended to consolidate the street railroad systems of San Francisco and Oakland and the ferry systems. By this plan transfers from Oakland points to points in San Francisco, including ferriage, will be given.

Somewhat Ungrateful.

STOCKTON, November 29.—After four months of sickness and several surgical operations for female complaints Mrs. Joseph A. Martin one night recently returned to her home at Turlock. She found the house deserted and the clothing, blankets, etc., gone. Those who knew said the husband had fled with another woman. Mrs. Martin had sold her property to give him money and had given him several thousand dollars besides. Her brother, Patrick Gleason, a melter at the Globe Foundry here, had gone his security for $2,000. Martin was a saloon keeper. He is believed to be in Butte City.

Passengers to Arrive.

The following passengers sailed yesterday from San Francisco on the Santa Rosa for Los Angeles to arrive to-day:

H. Smith and wife, Thomas Morrow, Nellie Crowley, Captain Hallett, Mrs. Hallett, Miss Hallett, Miss Blanche Tilton, Mrs. C. B. Talbott, Mrs. A. Sedgley, Mrs. M. Luedke, Adolph Luedke, Miss Paula Werzell, Mrs. G. P. Love, Joseph Lee, Mrs. Lee, Stella Lee, Mrs. M. J. Blanchard, Miss Maude Blanchard, W. H. Kennedy, Fred C. Silcat, J. D. Cooper, W. Lindgren, Mrs. J. W. Ama, Mrs. Pardow, Miss May Blank, E. F. Cole, Mrs. L. J. Beuson, A. Badlam, wife and daughter, Charles Gollner and wife, S. A. Bowen, Miss Tubman.

Militia Ordered Out.

SEATTLE, W. T, November 29.—Governor Squire has ordered out three companies of militia, to report at the armory to await further orders, in consequence of the strike of the employés of Benton, Holmes & Co's mills at Port Blakeley. The men have been threatening that they would prevent the mill operating to-day. Company D returned to Seattle this afternoon, no opposition having been made to the operations of the Port Blakeley mill. The mill property is now under the protection of a force of deputies organized by Sheriff Comstock, and no opposition is apprehended.

Killed by the Cars.

SAN DIEGO, November 29.—Nicholas Violich, an Australian in the employ of the California Southern Railroad Company, was run over and killed on the track along the bay front last evening. He was walking toward the train when noticed by the engineer, and failed to heed the warning whistle of the locomotive. He was struck by the engine in the head, which was literally crushed. The Coroner's jury attaches no blame to the engineer. The deceased leaves a wife and child in this city.

Stanford Goes to Washington.

SAN FRANCISCO, November 29.—Senator Stanford left this city to-day for Washington. He is especially interested in the passage of two bills, at the coming session of Congress. One is the School Land Indemnity Bill, to indemnify the State for the loss of the sixteenth and thirty-sixth sections of school lands which were mineral lands. The other bill is to give California five per cent. of the gross proceeds of the sales of public lands in California for school purposes.

Chart of Our Harbor.

SAN FRANCISCO, November 29.—The United States Coast and Geodetic Survey has just issued a chart of "Wilmington and San Pedro Harbors," which will be of great use to coasting captains running to San Pedro bay. The chart embraces the whole of San Pedro hill, from four miles to the northward of point Vincent, and is carried eastward of anchorage for eight miles, and a little beyond the mouth of the New San Gabriel river.

A Strange Death.

SAN FRANCISCO, November 29.—P. J. Walrath, a wood turner who on the 18th met with an accident by which a piece of steel was driven through his nose an inch and a half into the brain, died yesterday from its effects. The case was a most remarkable one from the fact that the wound was of such a nature as would ordinarily cause instant death.

Cattle Train Wrecked.

TUCSON, A. T., November 29.—A train of cattle going to California from New Mexico, was derailed near Gila Bend yesterday. Seven cars were over turned and partially demolished. A number of cattle were killed. The wreck delayed the east-bound express about nine hours.

Indicted for Perjury.

TUCSON, A. T., November 29.—A Globe special to the *Citizen* says: Two indictments were found against H. N. Thompson, formerly a merchant and freighter of Wilcox, for perjury, at the present term of the District Court for Gila county.

EASTERN.

A Man Who Strangled His Wife.

CONTRACTS FOR NEW CRUISERS

The Iron Moulders will Form a National Assembly—Horse Breeding.

[Special to the Hearld by the Associated Press]

READING, Pa., November 29.—The investigation to-day of the case of Frank Kerner, who choked his wife to death and then set the building on fire to destroy the evidences of his crime, shows that he had also made preparations to blow it up by running a fuse from the upper floor into a keg of powder. His intention was evidently to blow himself and the whole family up, because, as he says; God had commanded him to do it. Kerner has made a full confession, detailing how he strangled his wife, then dragged her upstairs to bed, poured coal oil over it and set it on fire. He is an Anarchist in his ideas.

OUR NAVY.

Contracts Let for Several New Vessels.

WASHINGTON, November 29. — The Secretary of the Navy to-day accepted the following bids for the construction of new cruisers and gunboats: Cruiser No. 2, The Charleston, Union Iron Works of San Francisco, at $1,017,500; cruiser No. 3, The Baltimore, Cramp & Sons, of Philadelphia, $1,325,000; gunboat No. 2, the Columbia Iron Works and Dry Dock Company, of Baltimore, at $247,000. In the case of gunboat No. 1, no decision has yet been reached as between the bid of Reed & Sons and the bid of Cramp & Sons. Although the Union Iron Works of San Francisco, put in the lowest bid in cruiser No. 1, the Newark, yet as the figures exceeded the maximum amount fixed in the Appropriation Bill, the Secretary was unable to accept their bid. He will probably refer the matter to Congress, with a statement of facts, and recommend that the appropriation for the construction of cruiser No. 1 be increased, or that the government be authorized to build the vessel at one of the navy yards.

IRON MOULDERS

Talk of Organizing a National Trade District.

PITTSBURG, Pa., November 29.—The Knights of Labor of this section are making increased efforts to gradually include all the trades unions in their order as separate districts. Iron-Moulders' assembly No. 1030, of this city, have had under consideration for some time past the advisability of going into a national trade district of Knights of Labor. A meeting has been called for next Friday night, when the matter will be more thoroughly canvassed. There are between 500 and 600 iron moulders in the two cities. If it is decided to form a national trades district it is said that all of the Knights of Labor moulders in the United States will be included in it.

HORSE-BREEDING.

An Experiment Looked Forward to with Interest.

NEW YORK, November 29 —The *Star* says: Experts on the breeding of high-mettled racers will soon have a fruitful topic of discussion as Dublin, the Australian stallion, is soon to be settled in his home on J. B. Haggin's ranch, in California, where, in conjunction with Miss Woodward, he will be given a chance to show whether he will be as good a racegetter as Hermit, Mortimer and Gleferg. The experiment of mating an American mare with an Australian stallion is a novel one. Haggin is to be congratulated upon his pluck in making the innovation. Englishmen, with their extremely conservative ideas, did not dare do it. If the California sportsman should make a success of his venture he will carve for himself a name that will stand beside that of Admiral Rouse and Pierre Lerillard, undoubtedly the foremost racing men of the sister continents. The purchase of Dublin may also turn out to be a big thing for Australian breeders, for should the antipodian race horses' progeny carry off some of the big prizes in this country there will be a great rush to secure all of the available animals that the Australian's feel disposed to sell.

LOST MAIL MATTER.

Probability that the Owners will have to Suffer.

WASHINGTON, November 29.—Nicholas M. Bell, superintendent of foreign mails, referring to the statement cabled from Brussels, that the Belgian government under existing treaties is responsible to this government for the packages lost in the recent mail robbery, says that, for want of Congressional authority, the postal authorities have not subscribed to that provision of the Lisbon postal union treaty which provides for the indemnification of owners for the loss of registered matter, and as the provisions of the treaty are reciprocal in their operation, they bind only those governments which have become parties to them. Superintendent Bell also stated that the statements in the despatches purporting to give the aggregate value of the lost packages were the merest guess work, as no one could know the value of the packages but the senders.

The Pacific Australian Cable.

NEW YORK, November 29.—An Ottawa, Ontario, special to the *Post* says: It is said in well-informed circles that Sanford Fleming's scheme of a Pacific-Australian cable will at once assume tangible form, and a new company which will carry out the work will be incorporated during the coming session of Parliament. Among those mentioned as directors and heavy share-holders are Sir George Steven, Baronet, Sir John MacDonald, A. Smith, Erastus Wyman, Sanford Fleming and leading English financiers. The capital stock is to be $10,000,000. It is proposed to raise $5 000,000 in 4 per cent. stock secured by an Imperial colonial guarantee. It is proposed to give a rate from London to Vancouver Island of 12 cents per word, the press rate to be one-fourth of the regular rate.

THE GREAT NAPOLEON.

A Russian General's Recollection of the Corsican.

Maj.-Gen. Yakovitch, of the Russian army, is one of the few men now living who saw the great Napoleon on a battlefield. The old General saw the French Emperor at Borodino. At that battle, Yakovitch, then a mere boy, served with a battery in the grand redoubt which was the center of the Russian line. He gives a vivid description of the battle. When morning broke a sea of gray mist shut out the field from view. The voices of the enemy were heard, the neighing of their horses and the rumbling of artillery wheels. Then came the thunder of cannon, making the very earth tremble. Three times all the Russian gunners were killed, and three times new men took their places. Bullets flew thick as hail and men dropped dead or mangled every moment.

At last a strange sound was heard in the distance, like rain pattering on withered leaves. It grew louder and louder until it filled the air like the roar of a stormy sea. All at once a great wave of bright swords and helmets and horses' heads came surging up over the breastworks. It was the Imperial Guard. Before the shock of that mighty wave the Russian center crumbled away, a shattered wreck. When Yakovitch came to his senses and opened his eyes he saw around him the corpses of his father and comrades. Suddenly the tramping of hoofs called his attention to a groupe of gaily-dressed officers, and Napoleon's staff came riding over the field. The young Russian peered anxiously into their faces. In his graphic language he thus describes them:

"There were the hard faces of Rapp and Darn, and broad-chested Sebastian; and Nansouty, with the sabre scar across his cheek, and the low, broad forehead and bull-dog jaw of grim old Ney, the bravest of them all. There, too, was Murat, with his white plumes and his braided jacket, his long, dark curls hanging down his neck and his riding-whip in his hand, just like a circus-rider. And then the group parted suddenly and there was the man himself in the midst of them, with his face hard and immovable as marble amid all that blood and agony, and a far-away look in those cold gray eyes of his, as if he saw Moscow somewhere up in the sky, but could see nothing between.

"'A glorious victory!' cried Murat, waving his hand. 'What a stir there'll be among the good folks of Paris when the bulletin arrives!'

"'We've lost half our army in doing it, though,' growled Ney. 'Hadn't we better fall back a little and wait for the reinforcements?'

"Then Napoleon turned his head slowly, just as a statue might do, and looking him full in the face said:

"'Thou advising a retreat Michel! That is something new indeed! No!—no falling back now! I must date my bulletin from Moscow. As for the army, you can't make an omelet without breaking a few eggs.'

"Yakovitch says that when he heard this he knew that Napoleon's day was past, for no man save one doomed to destruction could have spoken so lightly of the slaughter of thousands of brave men. In three months from that day the French Emperor was flying for his life across the border, with the Cossacks at his heels like hungry wolves.—*Exchange.*

A Verdict Against the Western Union.

MEMPHIS, Tenn., November 29.—The United States Circuit Court ended to-day a case against the Western Union Telegraph Company, of interest to the public. A creditor at Memphis telegraphs to his lawyer as follows:

"A. B. owes $600. If grounds, attach."

This dispatch was sent by another creditor to the same lawyer. An attachment was laid and the money obtained, but only enough to pay the second creditor. The first creditor sued the Western Union, and the Court held the Company for the debt. Judge Jackson, delivering the opinion, said that the dispatch disclosed on the face of it its importance.

Fifty People who Favor a Sunday Law.

SAN FRANCISCO, November 29.—Pursuant to a call from "The Pastor's Union" of Sacramento, a State Convention met at the Y. M. C. A. hall, in this city, this afternoon, composed of pastors and church members favorable to the passage by the Legislature of a Sunday law. About fifty persons were in attendance at the opening, including six ladies. Nothing was done to-day except the making of several speeches and the organization of regular committees.

Preparing for the Fray.

PHILADELPHIA, November 29.—About two hundred delegates, representing nearly all of the trade and labor organizations in the city, are in convention to-night to perfect an independent political organization for the purpose of taking an active part in the municipal election in February next. A permanent organization was formed under the name of the United Labor Party. It is designed to organize every ward and election district in the city.

Blue Two-cent Stamps.

WASHINGTON, November 29.—A design for a new two-cent postage stamp, to be put into circulation in January next, has been selected. It is said to be one of the handsomest specimens issued by the department. The design represents the head of George Washington in profile on a blue tinted background.

A Brave Girl.

NIAGARA FALLS, November 29.—George Hazlead and Miss Sadie Allen, of Buffalo, successfully went through the rapids and whirlpool yesterday in a torpedo-shaped barrel used by Hazlett and Potts last summer. Miss Allen is a respectable girl, eighteen years old. She is a petite brunette and rather pretty.

More Rioters Released.

MILWAUKEE, November 29.—In the case of Carl Musseldt, John Rurge and August Gatz, Milwaukee Garden rioters, Judge Sloane this morning suspended sentence and the prisoners were immediately released.

Don't Touch a Hair.

DUBLIN, Novembes 29.—Commoner Redmond, speaking in Dublin to-night, said that if one hair of Dillon or O'Brien's head was injured, the Irish people would know how to avenge themselves for the outrage.

Society Disappointed.

WASHINGTON, November 29. — The President was compelled to omit his usual afternoon reception to-day in order to devote his attention entirely to his message and other matters.

THE CAMPBELL CASE.

The Defense Introduces its Evidence.

THE LADY EXTENSIVELY LOVED

Pretty Little Mary Vindicated and the World Breathes Easier.

[Special to the Herald by the Associated Press]

LONDON, November 29.—In the Campbell divorce case to-day, Finlay, for the defense, continued the presentation of Lord Colin Campbell's case. If Lady Campbell had believed, the lawyer argued, that her husband had communicated a malady to her she would have mentioned the fact to him, but this she had never done. The Judge interrupting, said that the argument related entirely to the cruelty alleged in the petition as one of the grounds for divorce, and, as said cruelty had been proven in a former trial, in which the plaintiff had obtained a decree of separation on that ground alone, he must now refuse to allow the allegation to be contested and should direct the jury to find that the defendant had given to plaintiff some kind of a disease.

Finlay resuming said that all of the plaintiff's allegations in her petition were false and had been made to intimidate and had since been withdrawn except one charge, the truth or falsity of which could be known only to Lady Campbell herself. The defense, however, had evidence that would shed a flood of light on Lord Colin's proceedings in Paris in regard to his charges. He had the lady arrested because at that time defendant believed his wife was living there in adultery with the Duke of Marlborough. Four persons, Finlay went on, were accused of having been criminally intimate with her. Lady Campbell had written to the Duke of Marlborough as "Dear George." He had taken her home at 2 o'clock in the morning, gone up stairs with her and remained with her twenty minutes. On one occasion when he came to tea the servant that took tea up to Lady Campbell found the door locked and a little later found it unlocked and saw that Lady Campbell's face was flushed and the furniture out of place. On these occasions, counsel continued, plaintiff had doubtlessly misbehaved. Lady Campbell's maid would be called and would prove that on more than one occasion, while plaintiff was living alone, her couch at Leigh court was occupied by more than one person. The steward and two independent witnesses would testify that plaintiff had committed acts of infidelity in the Purflest Hotel. Dr. Bird and Lady Campbell at one time were constantly together, and whenever he called plaintiff used to give orders that she was not to be disturbed during his presence. Once a cabman saw Dr. Bird and Lady Campbell, while returning from a charitable concert in the East End, caressing each other in the cab.

On this occasion they were driven to Dr. Bird's house and both went in. The cabman remained outside and Lady Campbell tarried so long that he drove away. It would also be shown that when Dr. Bird visited Lady Campbell professionally he would remain for hours at her bedside in a darkened room. Referring to Chief Shaw, of the London fire brigade Finlay said Lady Campbell met the chief in an unfurnished drawing room in Cadagan Place in 1881 and remained with him an hour and during 1882 was with him alone in the dining room under conditions which would convince the jury that the plaintiff and Chief Shaw were doing wrong. Lady Campbell's connection with General Buller was largely referred to. Also the length of time he remained when he called upon plaintiff. Two shameless women had concocted the story of Lord Colins' criminal intimacy with his wife's ward, Mary Watson.

The defense would produce two surgeons who could swear that Mary Watson was "virgo intacta," and that therefore it was impossible that the defendant could have been guilty of adultery with her.

At this point Mr. Finlay denounced with great excitement and passion, what he called "the infamous fraud and perjury, and shameless conduct of Lady Miles and Lady Colin Campbell." (Sensation.) He accused Lady Miles of debasing her prayer book by inscribing therein the dates of Lord Colin's alleged wrong-doings, for the purpose of accumulating data upon which to found the present suit.

The first two witnesses called in the Campbell divorce case were two physicians. Both testified that they had examined Mary Watson and had found her pure. Neither, however, in cross-examination could swear that an attempt to assault the girl had not been made. Mary Watson herself was then sworn. She is a tall, slim girl. She denied all of Lady Miles' testimony concerning the alleged intimacy between witness and Lord Colin. The witness farther testified that when the Duke of Marlborough called he used to ring the servants' bell. Witness once showed the duke into the dining room when he called, because her mistress was with Lord Colin in his bedroom, witness went up and called Lady Colin out, saying the cook wanted to see her. When Lady Colin came out witness told her it was the Duke and not the cook, and Lady Colin said: "Thank you, Mary." [Laughter.] Lady Colin, witness continued, used to receive Captain Shaw alone, and Dr. Bird on one occasion took tea with Lady Colin before going with her to a concert. When a carriage arrived witness went to announce it to Lady Colin and found that she and Dr. Bird had gone to Lady Colin's bedroom. On cross-examination, when asked if she had ever seen any impropriety on the part of Lady Colin, witness replied that she never had. Witness admitted having written letters to Lord Colin, but asserted that she had never signed them "Your affectionate Mary," but simply "Mary." The case then adjourned.

Good Reasons for Suicide.

SACRAMENTO, November 29.—A hat and coat were found under the J street wharf this morning. A note pinned to the hat showed that J. R. Smith, 27 years old, was the owner of the articles, and had committed suicide yesterday. The writer stated he suicided because he was without money, friends and work.

Qualified.

SAN FRANCISCO, November 29.—General John T. Carey, the newly appointed United States District Attorney, qualified in the District Court this morning and was sworn in. He at once took charge of the office.

THE ELECT.

Democratic Delegates to the Municipal Convention.

The Democratic primaries yesterday were in the main quiet affairs. The vote cast was moderate in some wards and unusually large in others.

In the First Ward there was no opposition, and the following ticket was elected by eighty-five votes:

FIRST WARD DELEGATES.

W. Lacey, W. R. Lewis, J. Davidson, L. N. Mitchell, V. L. Sanchez, G. B. Griffin, H. Stuhr, C. Kearney, A. P. Anderson, J. Baldwin, J. D. Murphy, C. H. Watts, G. L. Mesnager, N. A. McDonald, C. P. Thurston, C. Hayden, C. A. Rowley, Uriah Embody, C. W. Schroeder, T. McCaffery. In the

SECOND WARD

There was developed a pronounced opposition to J. A. Berry, for no personal reason, but simply because he had worked against certain nominees on the county ticket at the late election. How well Democrats remember this will be seen in the fact that Berry was beaten nearly three to one. Following are the elected:

M. H. Kimball, M. T. Collins, J. J. Comocy, P. Ballade, M. Teed, A. C. Roques, C. L. Northcraft, H. Feany, R. R. Dominguez, M. J. Methvin, Wm. Moore, P. C. Dornaiech, R. A. Ling, J. J. McCarthy, T. O. Wilkinson, H. King, James Brenan, R. F. Sepulveda, Sam Moran, W. R. Stevenson, F. H. Steele, Wm. Bryson, T. J. Cuddy, Chas. Gerson, Henry Shier, Wm. Pridham, J. Yorba, A. Guent, Ch. Schroeder, Allen Cann.

There 422 votes cast, of which all the ticket received the full count, excepting Berry who got only 106, while the man who was put in his place, P. C. Dornaiech, got 314.

THIRD WARD.

The contest in the Third Ward was unmarked by incident with the exception that a ticket containing all of the caucus nominees but John Bryson, Jr., for whose name that of General J. R. Matthews was substituted, was industriously circulated. This opposition to Mr. Bryson was developed by the fact that he worked and voted against certain nominees of the Democratic party at the late general election. The Democrats determined to quietly express their disgust at Mugwumpism, not by loud talk or assailing a man's character but by showing these gentry at the ballot box that they must keep faith and stand up to the rack. Mr. Bryson only received 50 votes while General Mathews, who did not know that he was a candidate, got the handsome number of 134 votes out of a total of 164 Following are the delegates from this ward:

R. C. Carleton, J. F. Humphreys, M. Wicks, J. R. Matthews, F. Harkness, C. Gassen, J. O'Neill, I. W. Hellman, W. H. Carlin, C. Jacoby, H. Baer, F. Roberts, M. Morris, S. Hamilton, D. Botiller, A. F. Mackay.

THE FOURTH WARD.

There were 180 votes cast in the Fourth Ward. There was a well organized opposition to the Council nominees, which were as follows: W. J. A. Smith, G. Stevenson, R. Martin, C. Alexander, E. Blennerhassett, B. Chandler, J. Donovan, E. Powell, E. Workman, F. McGinley, Thomas Parsley, D. Deakers, Theo. Frohlinger, W. S. Barton, W. W. Fisher, D. Moriarty. The men who received a majority of the votes cast were: D. A. Moriarty, W. J. A. Smith, B. Chandler, D. Deakers, W. S. Barton, E. H. Workman, C. Alexander, Theo. Frohlinger, S. J. Beck, G. Stevenson, J. J. Woodworth, B. Cohn, A. Glassell, P. M. Scott, T. Donovan, O. H. Bliss.

THE FIFTH WARD.

In this ward there was very little opposition developed, and the ticket elected was as follows:

W. R. Burke, J. P. Moran, R. Dunnigan, J. D. McDonald, C. S. Parcells, G. W. Glowner, John Mackell, W. H. Field, Jose Correa, A. J. Cooper, D. C. Wilson, P. W. Deckman, A. Rinkenbach.

There were forty-one votes cast, and the delegates nearly all received the full count.

The judges who have not given their official report of the election will send the same to Mr. Patton, at the HERALD office, to-morrow as early as possible.

The Second ward delegates will meet in Judge Brunson's courtroom this evening at 7:30 o'clock to nominate two Councilmen. M. Teed is spoken of as one of the two.

Delegates from the Fourth ward to the Democratic City Convention will meet to-night at 7:30 at Confidence Engine house to nominate two candidates to the Council.

The convention will meet in Turnverein Hall to-morrow night at 8 o'clock to make a city ticket.

Capsize of a Life Boat.

LUDINGTON, Mich, November 29.—At daylight this morning a schooner passed Ludington, and when off Point Sable she hoisted a flag at half mast. A Point Sable life boat went out but when fifty yards off the flag went to the masthead. The boat attempted to turn and was capsized. The crew clung to the boat which did not remain in an upright position, and three of the crew lost their lives. Captain Flynn and Orrin Hatch died from exposure and John Smith was caught under the boat and drowned. The schooner kept on her course.

A Fire.

PITTSBURG, November 29.—A fire occurred in the Pittsburg Plate Glass Works, at Creighton station, on the West Pennsylvania Railroad, twenty miles from this city, to-day. The fire was caused by an explosion of natural gas, and did not get beyond the machinery and foundry departments, which were nearly destroyed. The main building was not damaged. Loss $35,000. Fully insured. No person was injured.

The Poe Outrage.

LOUISVILLE, November 29.—A *Courier-Journal* special says five arrests have been made for complicity in the murder of the Poe family in Knox county, Ky. There is no longer any doubt that eight persons were murdered. The husband is insane and not capable of attending to the matter himself, but the people of Knox county have the affair in hand and will investigate every clew.

The Only Sensible Man Who Ever Took the Leap.

NEW YORK, November 29.—William Kurz jumped from the Brooklyn bridge this afternoon. A tug picked him up in an exhausted condition, and he was taken to a hospital. He stated that his object in making the daring leap was an idea. It is thought he will recover.

FOREIGN.

England and the Fisheries Dispute.

POOR, UNSETTLED IRELAND.

O'Brien to be the Next Arrested—Another Bulgarian Revolution Imminent.

[Special to the Herald by the Associated Press]

LONDON, November 29.—At the British Foreign Office doubts are entertained whether President Cleveland will be in a position to announce in his coming message a solution of the fishery dispute. No progress is being made toward a settlement. Lord Iddlesleigh is absorbed in the Eastern question and has completely relegated to Minister West all negotiations with the United States. The attitude of the Dominion government is not favorable to a settlement. The extradition treaty has been definitely settled upon the exact terms of the Convention drafted by Minister Phelps and Lord Rosebery. Reports that amendments have been made by Canada are incorrect.

Gladstone declines every request to speak until Parliament reassembles. He has sent letters to several of his late colleagues, stating his programme for the coming season. He approves an immediate challenge to the Government to state its Irish policy in the debate upon the address. Although he expects that the Unionists will maintain their adhesion to the Government afterwards, he will assist in an effective settlement of the proceedure question.

IRELAND.

O'Brien to be the Next Man Arrested.

SLIGO, November 29.—O'Brien, member of Parliament, attempted to address a meeting at Ballygole yesterday, but the mee ing was dispersed by the police. The excitement in Sligo is intense, and the streets are guarded by police and cavalry. Commoner Tanner commenced a speech in a field near town, when a horde of police appeared and dispersed the meeting with drawn bayonets. There was no riot.

O'BRIEN TO BE ARRESTED.

LONDON, November 29.—The *Standard's* Dublin correspondent says a warrant will be issued for the arrest of O'Brien. In an interview to-day Mr. O'Brien said he was of the opinion that the Executives would defeat themselves in trying to stem the tide of opinion in favor of a reduction of rents, even Gen. Buller having declared in favor of reduced rents. The government, he said, were playing the game of bankrupt landlords whose estates were so deeply mortgaged that it was impossible for them to meet their engagements unless they exacted full rents. He feared the government's action would lead to troublous times, but he was confident that the English people would see the justice of the claims of the Irish peasantry and that a repressive police would speedily produce a revulsion of feeling in England against the authors of that policy.

Bulgarian Plotters.

BUCHAREST, November 29. — At a meeting here yesterday of fugitive members of the Bulgarian revolution, headed by Zankoff, it was decided that a new rebellion should be attempted in Bulgaria. The meeting was held at the hotel Kiradiazi and was participated in by Schakotkine. Among the Zankoffites present were Benderoff, Grunoff and other officers who had been dismissed from the Bulgarian service because of their connection with the recent uprising. Schakotkine promised that the Russian consul at Bucharest would afford the plotters protection in the event of the failure of their undertaking.

The German Army.

BERLIN, November 29.—Emperor William in receiving the President and Vice President of the Reichstag referred to the work now before the members as of the first importance to the Empire. He hoped the military bill would be passed willingly. Other parliaments showed themselves disposed to meet demands for army expenditures, and Germany had to consider that she is already outstripped by neighboring States. He concluded by expressing his belief that peace would be maintained. The *Correspondence*, a Liberal paper, declares that a majority in favor of increasing, the peace effective strength of the army is assured but that the German Liberals desire to vote a credit for a shorter period than a septennate. The general tenor of the Progressist organs point to efforts on the part of the opposition to limit the term of military services to three years.

Dillon Will Defend Himself.

DUBLIN, November 29.—Lord Mayor Sullivan has summoned a meeting of the citizens of Dublin to assemble next Friday to protest against the government's tyranny towards the Irish National League. John Dillon will defend himself in the case brought against him by the government The Right-Hon. Hugh Helmes, Attorney General of Ireland, and John G. Gibson, Solicitor-General, will conduct the prosecution against Dillon.

Beach's Scheme.

LONDON, November 29.—Sir Michae Hicks Beach, Chief Secretary for Ireland, is formulating a scheme for a reform of the Irish administration. He has offered the post of Under-Secretary to Gen. Buller, and the latter has accepted.

A Blind Man Elected.

LONDON. November 29.—Dr. Robertson, Conservative, has been elected to the Commons to fill the vacancy in the Brighton district. The doctor is blind. He had no opposition.

Righteous Sentence.

SIDNEY, N. S. W., November 29.—Nine youths have been sentenced to death here for committing an outrage on a sixteen-year-old servant girl.

Ended in Smoke.

HAVANA, November 29.—A settlement has been effected between the cigar manufacturers and their employés and work has again been resumed.

LETTERS FROM THE PEOPLE.

[The tenor of Communications appearing in this column is not necessarily endorsed by the editor of the HERALD. The writer who desires to be heard in it should always accompany his screed with his full name, not necessarily for publication but as a guarantee of good faith.]

A Great Pressure for Dr. Kurtz for Mayor.

EDITOR HERALD:—As all of us want good government and to get this, we must have good men in office, I will ask you to publish the few remarks that I shall write in the interest of the people and the Democratic party. The fact is that the office should seek the man, and the good results from that plan were never more plainly demonstrated than in the last election. Scarcely a single man elected on our ticket sought the office. Rose, White, Spurgeon and Patton were all, with difficulty, forced into the race and handsomely elected. A better set of officers the county never had, and honest Ben Eaton would have been also had he not been opposed by the sharpest wire-puller in the county, backed by a large Republican majority. Now sir, let our city delegates follow the same course. Let them sit down on all chronic office seekers, pick out the best men in the party and force them into line, as was done in the case of Rose, White and others, and the people will see that they are elected. The county owes no man an office, but every man owes his services to the people and should serve them when called on. Dr. J. Kurtz has been frequently mentioned for Mayor. I understand that he does not want it—the very reason why he should have it. Elect him voluntarily and he will owe nothing to ward bosses and favorites, and will do his whole duty. Don't ask him to run, but put him up and run him and he will be elected. If we had waited for White, Rose and Spurgeon to consent, Hazard, Edwards and Melrose would to-day have filled their places. With Kurtz for Mayor, and the rest of the ticket to correspond, we will carry the city easily.

Put them up "nolens, volens," and let us have a good city government again.

FARMER.

Fifth Ward, November 28th, 1886.

The Streets Again.

EDITOR HERALD:—Your article in Saturday's issue about street paving, etc., was very interesting to property owners and residents, particularly those along Main street, as well as upon First. May I be allowed to ask who is responsible for the patching up and ruination of those? Having taken away all that was good upon them the city leaves the above streets for the winter without gravel, and in a fair way to be much worse than they ever were before. If the city is not supposed to furnish us with properly graded, ballasted, or paved streets, it ought at least furnish heavily laden teams with portable derricks, for reasons unnecessary to mention. If not encroaching too much on your valuable time and space, why were we poor Charity street inhabitants taxed? However, as the property owners have nearly all paid up, or are willing to, are we *ever* to be rewarded with a decent thoroughfare?

Would it not be a good idea for the city to do the work of widening and grading (if possible) at the same time the alleged cable road is being built—even if we are assessed once more. But give us the street. It would raise the city's valuation millions. ONLY HOPE.

A Desperate Game.

It looks very much as if the Tory leaders had determined upon the suicidal course of resurrecting coercion in Ireland, with all its old time malign features. While this may involve the martyrdom of a few resolute Irish patriots it really means the ultimate dissolution of the Tories and the reorganization of that party under quite radically different conditions. It is a great calamity that Mr. Gladstone was not permitted to remain at the head of the affairs of the Kingdoms of Great Britain and Ireland; because, in the interim of his retirement, a number of great crimes of violence are certain to be committed in Ireland in the name of the law. They will be absolutely abortive, and will therefore be devoid even of that form of excuse which a Machiavelli could have constructed for them when he was in the mood which evolved his "Prince." The civilized world is now thoroughly conversant with the fact that the people of Ireland simply cannot pay the rents which landlords, in many cases absentees, seek to exact from them. When Governor Stanford, of California, some three or four years ago, made a thorough tour of the Emerald Isle, he looked carefully into the condition of its people; and, on his return, he gave energetic expression to his opinion that no human beings could pay the rents which were exacted from the small farmers of Ireland. He said that revolt was an inevitable condition of such a state of things. The bloody-minded intent of the Tory Ministry is based not so much on opposition to Home Rule for Ireland as on an invincible determination to wring preposterously high rents from the Irish people. Their purpose is to stamp out any spirit of resistance to the exactions of the landlord class, and their eye is fixed quite as much on England as on the sister Kingdom. In one of his luminous addresses, during the late campaign, Mr. Gladstone, with his happy knack of comprising a volume in a sentence, called the present struggle in the United Kingdom one of the classes against the masses. In such an encounter the latter are sure to win. The last three-quarters of a century in England have been characterized in every decade by the progress of a genuine democracy. If is of course to be regretted that the people of Ireland must for a while be victims of the reactionary Tory rule, but it will be all the better in the end. The remedy, when it comes, will be all the more thorough. There is a flavor of the Czar of Russia in the programme of Salisbury and Churchill, and they will find that it has been developed in an uncongenial atmosphere. It is perhaps unfortunate that Gladstone is not a younger man, but he seems to have been marked out by Heaven for the accomplishment of a great destiny, and to be endued with a perennial vigor which defies age and the disabilities which usually attach to advanced years. When Lord Churchill deliberately applied himself to stirring up the old Orange spirit in Ulster it at once became apparent that the Tory leaders would stick at nothing. The arrest of Dillon, the threatened arrest of Parnell, the revamping of the scheme of coercion, all show that the Tory cabinet are intent on a scheme as radical as the "thorough" of Strafford, and which cost that statesman his head. The modern methods of repressing tyranny are not so violent as those of old but they are as effectual in the end.

Harry George and His Party.

The political journals are just now filled with disquisitions as to the effect upon the next Presidential election which the new labor movement engineered by Harry George will have, and also as to its influence upon the old parties. The fact is pointed out that that gentleman, one of the most original and vigorous thinkers of the age, has polled sixty-seven thousand votes for Mayor of the city of New York, and this is regarded as a political portent of great moment. It undoubtedly is so, and it would be folly to deny the fact. Republicans assume that George will run for President, and that he will naturally draw most of his strength from the Democratic party. This is merely begging the question. George has given paternity to a lot of ideas that are very fascinating to people of all parties—especially to workingmen of all parties. As to the effect of the new movement upon existing parties—and the indications are that it may become quite formidable—there is no real real reason for supposing that it will be most injurious to the Democratic party. In the first place that party controls fifteen states where the labor agitation will be comparatively barren of results. We of course allude to the Southern States. These commonwealths will of themselves give the Democratic party upwards of one hundred and fifty electoral votes. While the effect of the new movement would be in New York to perhaps place the Democracy at a disadvantage, in Pennsylvania, Maine, and possibly in Ohio, the result would in all likelihood be the other way. In the last named States, through a false claim that they have been the only party in favor of protecting American industry, the Republicans, have had the great mass of the laboring men who work in mills, foundries, and in iron, cotton, wool, etc. George's theories are admirably adapted to attract this large class of Republican voters. Should his influence turn out to be as strong as is claimed for him by Republicans, it is a possibility that the party to be organized by him might throw the election into the House of Representatives, as the President directly elected by the people must have a majority, not a plurality, of the votes of the electoral colleges. Another feature highly favorable to the Democratic party is that its policy is so essentially in the interest of the workingmen that the more intelligent of them fully realize it and will stand in with the organization that stands for their rights. This will be made more and more apparent as the days of Democratic ascendancy in the national government roll on, and our Republican friends would do well to make a note on't. Otherwise their calculations will go wofully aglee.

WITH a strong, straightout Democratic municipal ticket a Democratic victory is assured at the approaching municipal election.

SAN DIEGO is about to have a new Opera House. The energy of our southern neighbors is to be commended and even imitated. Col. Gray, who built the Grand in this city, has already been employed to construct a Thespian temple there, and that it will be up to all the requirements of the times is guaranteed by his success in similar work elsewhere.

A NUMBER of Democratic mugwumps were very thoroughly sat down upon at the primaries yesterday. One of them in the Third Ward, who boasted that he voted against the Democratic candidate for Congress in the Sixth District, got a dose which will probably do him until he needs a stronger one. The Los Angeles Democracy has no use for its betrayers.

THERE is an undoubted ability upon the part of the Democracy of this city to elect the Mayor and other city officials, and they ought to turn out and do it. The great victory won on the 2d inst., in which so much was accomplished both for the State and county, ought to be supplemented by a complete recovery of the city government. With the exercise of just judgment in selecting the nominees success is assured. A correspondent in our local columns dwells upon the great good which was accomplished by putting upon the county ticket, at the last election, men who did not desire office, but who were forced to accept nominations which they did not seek. No citizen should repel the popular preference. The old idea that a man should neither seek nor decline office has fallen a little into desuetude, but it might very profitably be revived. To-morrow evening the Democracy in Convention assembled ought to nominate the best men for office, and compel them to accept. In this course lies assured victory.

THE growth of the city of Los Angeles is one of the miracles of the day. There has been nothing comparable to it in the last decade. We are obliged to go back to Kansas City in the years between 1860 and 1870, and to Chicago, Milwaukee and San Francisco at earlier dates, to get onto anything like it. It is a quite uniform growth. The area of the city—embracing thirty-six square miles—is so large that one does not realize as fully as one would in a more restricted locality the universality of the building activity hereabouts. It embraces all points of the compass, and is as notable on Boyle Heights as in West Los Angeles, as all-pervading in the hills back of the city as in the leading thoroughfares. The same impulse is noted all over Los Angeles county. In a score of towns, and amongst them Pasadena, Pomona, Santa Ana, Monrovia, Monte Vista and San Fernando, a like splendid era of settlement and improvement is chronicled. Southern California at large partakes of the same wholesome movement.

New Artesian Wells.

Again we chronicle the success of our artesian wells—no rarity in these days. E. Proctor & Bros. have just completed a 193 feet deep well, with 7-inch pipe, for M. Mitchell, our whilom landlord, and gotten a flow of pure water 1½ inches above the pipe. This insures these people a fine place in a couple of years. Mrs. M, says she is going to have one of the most beautiful places hereabouts, and already has laid in a large supply of flower seeds and fruit trees.

The same firm has completed a well for Proco Akimo, on San Jacinto street. Depth of well 163 feet, flow 1½ inches.—San Jacinto Register.

NOB HILL.

THE TENDENCY, OF THE BEST IMPOVEMENTS IN RESIDENCE PROPERTY IS out on the hills, west and southwest of the City Hall. Recognizing the fact that the coming city is to be built on these beautiful hills, the owners of the NOB HILL TRACT have subdivided SEVENTY ACRES of choice hill property into

LARGE VILLA LOTS

And are offering them for a short time at acre prices and on very reasonable terms. The owners do not "want the earth," and they are willing to sell at a very moderate advance on first cost, preferring to let early buyers have an opportunity to make something in the rapid rise in values which is sure to come.

The Nob Hill Tract

Lies just six minutes' walk from the present terminus of the Second-street cable line and will be only one block from the line when its contemplated extension to the city limits takes place. On the other side the tract adjoins the new CITY LAKE PARK, and will be only one block from the Motor road on Seventh street.

The streets will be graded as soon as the weather will permit, and it is confidently expected that work will shortly be commenced on several handsome residences.

PROF. J. A. FISHER, now of the John Hopkins University, Baltimore, writes that he is now perfecting the plans for the creation of a building for Kirkwood Seminary, on block D of the Nob Hill tract.

Some beautiful lots remain unsold, and those who wish to buy for speculation or a home are invited to inspect this tract.

CITY COUNCIL.

Some Legislators on the New Charter.

DALY STREET BRIDGE FUND.

A Contract Ordered Drafted for a New Steam Engine—Board of Public Works.

The City Council was called to order at 2 P. M. yesterday, Councilman Kuhrts in the chair.

Present—Messrs. Breed, Johnson, Holbrook, Jones, Kuhrts, Perry, Velsir, Stearns, Willard, Frankenfield, Sinsabaugh and Bullis.

The minutes of the last meeting were read and approved.

THE PROPOSED CHARTER.

Hon S. M. White addressed the Council in regard to the proposed new charter. He thought that the proposed new charter would never do. It is not in condition to get passed and if it were passed it contains so many inconsistent provisions as to make it ineffective. We have to adopt a charter that will be satisfactory to Oakland. The proposed charter prepared there is not satisfactory either. Mr. White had suggested to the committee of Oakland that two of its members should come here. The speaker and Mr. Knox thought that an invitation should be extended to Mayor Plater and the legislative delegation of that city. An arrangement must be made with Oakland in regard to this charter, otherwise no solution will be reached. Mr. White discussed the matters contained in the proposed charter and said that there was a great deal in it which suited some people yet did not suit others, for instance, which offices should be eligible by the people what salaries should be paid, and the number of Councilmen the city ought to have. The speaker was willing, with assistance, to do all he could to prepare a charter, but, if none was ready when he went up to the Senate, he would take no steps to bring the matter before that legislative body. He again advocated speedy action. Mr. Knox, Assemblyman elect, spoke similarly. He thought there seemed to be a misapprehension about the time when the new charter could be passed and placed in operation. It is wrongfully believed that a special election can be held especially for the adoption of the charter, after its passage by the Legislature. It can only be voted upon at the next general election. So that if the Legislature passed a charter, which should be perfectly satisfactory, it could not be adopted until 1888, after the general election. By presenting a constitutional amendment to the Municipal bill of 1883 to the Legislature, in the event of its passage, the Governor would order a special election, and then in about six months the new charter, if adopted by the popular vote, might be in working order here.

Mr. Knox thought it would take the whole of the next four weeks to revise the charter which has been reported, and instanced some of the grossest omissions and faults it contained. The speaker thought it doubtful whether the Los Angeles Committee and the one to be invited from Oakland would be able to agree upon all points, as there is a great disparity of opinion on the number of Councilmen to be elected and the manner of their remuneration. If both the charters of Oakland and Los Angeles are forwarded to the Legislature, then in case of non-agreement as to one form of charter it is the city who is most powerful in the Legislature and can command the most votes whose charter will be adopted. Mr. Knox said that he was willing to resign his office of Deputy District Attorney at once, if the Council wished it, in order to devote all his time until he goes to the Legislature to the revision of the draft of the proposed charter. He advised that the daily work of revision should be published in the daily papers, so that the general public may know what is being done, and that they may present themselves before the committee to discuss its points.

Mr. Frankenfield moved that the Mayor of this city be requested to invite the Mayor of Oakland and the legislative delegation of that city to come and confer with the committee of this city on the matter of the charter.

Mr. Johnson amended so that the Finance Committee be instructed to make the necessary arrangements for the Oakland committee's expenses and entertainment while here. The matter was carried.

That the City Attorney draft an ordinance to prevent the use of the Buena Vista street bridge, now building, for any other purpose than as a highway and for foot traffic. So ordered.

[It was explained by Councilman Velsir that this ordinance was intended to allay the fear of subscribers to the bridge who apprehend that a railroad franchise might be granted over the bridge.]

Presented resolutions establishing the grade of Rosas, Hope, New Depot, Wall and Fort streets and recommended their adoption. So ordered.

Recommended that the Superintendent of Streets be instructed to grade the intersection of Hope street at Fifth street, and to repair the sidewalk near the Normal school grounds, providing the cost does not exceed $50. So ordered.

Mr. Frankenfield moved that the Supply Committee be instructed to purchase fourteen desks, one for each Councilman. So ordered.

The Superintendent of Streets was instructed to repair the Newmark fountain under directions of the Board of Public Works.

THE FINANCE COMMITTEE.

Recommended that (on the matter of the report of the Board of Health on plumbing rules, etc.,) the creation of the office of Inspector of Plumbing be postponed for the reason that no provision has been made in the tax levy to pay the salary. So ordered.

That the City Surveyor be instructed to survey and present a map of all the city land in East Los Angeles, especially that involved in the law suit of Downey vs. the City. Mr. Frankenfield reported that most all property owners on Spring and Main street up to First street were willing to have the street paved and asked that the Committee on the matter of street paving be discharged. HEADQUARTERS

Boot and Shoe House.

GREETING:

To the Great Would-be Reformers of High Prices and the Great American Mathematician:

The Headquarters Boot and Shoe House does not base its reasons for doing the largest shoe business in town, because its goods and prices drive its esteemed would-be imitators frantic with jealous envy. Nor does it base its reasons, because it does not have to scour the country from the golden sands of the shores of the Pacific to the rock-ribbed, storm-beaten shores of the Atlantic in search of bargains. Neither do they attempt to gull the dear public by an empty array of false figures and remarkable results obtained through percentage. That facts and figures sometimes lie can be learned by comparing our prices with the GREAT REFORMERS'.

Our mathematical rivals say they sell a genuine French Kid Button Shoe at $2.75, and every one else sells sheepskin for French kid.

WE SELL A GENUINE FRENCH KID BUTTON SHOE FOR $2.25, and if our mathematical rivals do not believe that they are French kid, let them come and purchase a pair and satisfy their curiosity.

Our mathematical rivals want $1 25 for a CHILDREN'S GOAT OR CURACOA KID BUTTON SHOE, tipped or untipped, which we sell for 75c., and give you a handsome PRESENT OF GLASSWARE FREE.

LADIES' CURACOA KID BUTTON SHOES, $1.90—not $2.25, as wanted by the GREAT REFORMERS—and, besides, we give you a HANDSOME PRESENT FREE.

THE GREAT WOULD BE REFORMERS WANT $1.50 FOR A MISSES' PEBBLE GOAT BUTTON SHOE, and we sell a BETTER ARTICLE AT $1.25, and give away HANDSOME PRESENTS with all purchases.

REMEMBER, THIS IS THE LAST WEEK OF OUR GLASSWARE PRESENTS

FINANCE AND TRADE.

Government Bonds and Railway Shares.

NEW YORK, November 29.—Government bonds dull but strong.

The stock market showed most extraordinary activity, which was due entirely to the broadening of operations. The lowest priced stocks went back to their normal condition of dullness, while almost all of the old favorites became prominent in their dealings. Pacific stocks, among which Union Pacific and Pacific Mail were very prominent, were largely traded in. The opening was very active but subject to irregular changes. From last Saturday's final figures, the difference ranging from about one-half below to three-quarters above, the best point reached on the list was one and a half above. Prices were decidedly weak in the early trading, but gained strength gradually until along toward the last hour, when the upward movement gained strength more rapidly, the market closing very active and strong, close to the best prices reached during the day.

The British Grain Trade.

LONDON, November 29.—The Mark Lane Express, in its review of the British grain trade for the past week, says:

Sparse offers of native wheat are attracting considerable attention of trade, and it is now generally believed that the crop has been greatly overestimated. It is now calculated at 6,500,0000 quarters. In the provincial markets the supplies are rather greater. Values have not risen. The sales of English wheat during the week were 49,963 quarters at 31s 11d, against 68,218 quarters at 30s 9d during the corresponding period last year. In London the trade for wheat off-stands and firmer, and values are generally 6d higher with 1s advance on American, Russian and choice Indian prices of flour and corn are maintained. There are large supplies of oats and the market is very dull.

The oil well near Miles station, San Luis Obispo county, continues to attract attention. A depth of 810 feet has been reached; the rock now being very hard, progress is slow. The flow of water is about 3000 barrels a day, having a temprature of ninety-five degrees and bearing some oil which accumulates on the surface when left standing. The gas flows in a large volume, and through an aperture three inches in diameter, burns in a flame to the height of six feet. The volume of gas is estimated to be three times the quantity used to light the city of San Luis Obispo. From the increase of oil in the water the projectors are in expectation of momentarily striking a fountain of petroleum.—[San Luis Obispo Tribune.

SUCCESSFULLY TREATED BY

No. 275 North Main Street,

Next to Diamond House, Los Angeles, Cal.

All diseases of the respiratory organs treated by the Ærean system of practice, which enables us to bring the remedies into direct contact with the diseased part. These are in all cases combined with proper constitutional remedies for the liver, stomach, nervous system and blood.

CONSUMPTION.

The earlier symptoms of this disease are a sense of weariness upon little exercise, a disposition to remain passive and idle, a peculiar sensitiveness to the effect of cold, and a shortness of breath upon moving quickly or ascending a hill or stairs; a slight hacking cough, with or without expectoration, flying pains throughout the chest or back or under the shoulder blades. The symptoms are worse toward or during the night; slight fever in the afternoon; cold feet and hands, and in many cases blue lividity of the lips and roots of the finger nails.

The more advanced symptoms are wasting of flesh, diarrhœa, chills and fever, night sweats, expectoration of yellow pus from the ulcers or cavities of the lungs, with or without a depression in the chest, increasing weakness, and at last a closing up of the air passages of the lungs, causing strangulation or suffocation of the patient for want of power to expectorate the mucus from the lungs.

Heretofore the treatment of consumption has been very unsatisfactory, alike to both the physicians and their patients; but, luckily, since the discovery of the Ærean system of practice, a few years ago, thousands of cases have been completely cured, where, had it not been for this system of practice, utter failures to combat the evils of the disease would have continued up to the present time. This system is recommended by the highest authorities, both in Europe and America. By this means we are enabled to dissolve the hardened mucus in the lungs, ease the cough, facilitate expectoration, contract and heal ulcers and cavities, after all hope of cure by the ordinary method is past.

Persons desiring treatment by this system of practice can use the remedy at home as well as at our office, and which will cause no inconvenience or hindrance to business whatever.

I have seen so many of these cases cured that I do not consider any case hopeless unless the disease has advanced to the chest and that both lungs are seriously involved. The inhalations aid us in dissolving the mucus and in contracting and healing the cavities, which nothing else can do with the same success. The very best references from those already cured.

The Tariff on Oranges.

Mr. Charles Dougherty, the recently elected M. C., from Florida said in a late speech that, at the coming session of Congress, he should "demand that the absurdly inadequate ad valorem duty of 15 per cent on oranges and lemons be abolished, and a specific duty of one dollar or more on each thousand oranges brought into the country from foreign countries, be substituted for it. This is only one-tenth of a cent on each orange, and will not seriously interfere with our foreign fruit trade, while it will be a substantial protection to our Florida orange growers." This proposition is very warmly indorsed by the Florida *Times-Union* in a leading editorial.

The present duty on imported oranges is 55c per barrel not exceeding in size an ordinary flour barrel; and 25 cents per box not exceeding in size 2½ cubic feet. These specific duties are estimated by the most intelligent fruit dealers in New York, as fully equivalent to 27 per cent ad valorem. On packages not provided for, as above, there is now an ad valorem duty of 20 per cent. On loose fruit there is a specific of $1.60 per thousand. We fear that neither the constituents of Mr. Dougherty, nor the fruit growing readers of our esteemed contemporary the *Times-Union*, will be well satisfied with his proposition to reduce the duty on foreign oranges to a specific tariff of one dollar per thousand. It strikes us also that Mr. Dougherty is a "little off" in suggesting that oranges are merely luxuries. They are on the contrary articles of necessity not only to many invalids; but also to thousands of well people throughout the country. Cheap and abundant oranges mean better general health and less drugs.—New York Market Journal.

Dr. Robbins has had several year's experience in the Australian colonies, San Francisco, Salt Lake City, Denver, and four years in Los Angeles, and hundreds of leading citizens can testify to the wonderful effects of electricity in curing cases of chronic diseases when all else had failed, and therefore all persons suffering should try this new remedy before abandoning all hope. After every medical treatment the patients are given the Massage treatment by persons of their own sex. The doctor diagnoses diseases without explanation from the patient, free of charge. His office hours are 9 to 12, 1 to 5 and 7 to 9. Bath department open Sunday sfroa 8 A. M. to 12 M.

A Horrible Form

Of malarial disease is dumb ague. Constant drowsiness, sleep interrupted by a chill, succeeded by a consuming heat, and that by an exhausting sweat. A sensation as of numbness from cold, but no shaking attends it. Hostetter's Stomach Bitters invariably eradicates it, though it is the most obstinate form of miasma-born disease. To conquer it with quinine is as impossible as to battle down Gibraltar with a howitzer. Malarial disorders of every kind are attended with derangement of the liver, a fact evinced by the saffron tint which the skin assumes in such diseases. For this symptom, as well as fer its cause, the Bitters is a certain remedy. Constipation, dyspepsia, rheumatism, and inactivity of the kidneys and bladder, are also relieved by this fine alterative.

A Foolish and Stubborn Belief

In the efficacy of certain remedies of violent action is the besetting foible of the ignorant and prejudiced. The indiscriminate use of purgatives is a very common phase of the futility of such people. Aloes, podyphillin disguised in sugar coating, castor oil, mercury, and other old-fashioned drugs, still hold their own among this class, and although the success of Hostetter's Stomach Bitters sufficiently disproves the necessity for violence in medication, the adherents of an exploded fallacy still persist in giving and taking inordinate purgative doses Dyspepsia, constipation, liver complaint are as certainly and thoroughly subdued by the Bitters, as they are invariably aggravated by an indiscriminate use of medicines, official or proprietary, belonging to the class which we have condemned Fever and ague, nervousness, rheumatism and inactivity of the kidneys yield to the Bitters.

How to Secure Health.

SCOVILL'S SARSAPARILLA AND STILLINGA OR BLOOD AND LINER SYRUP will restore perfect health to the physical organization. It is, indeed, a strengthing syrup, pleasant to take, and has often proven itself to be the best Blood Purifier ever discovered, effectually curing Scrofula, Syphilitic disorders, Weakness of the Kidneys, erysipelas, Malaria, all Nervous disorders and Debility, Billious Complaints, and all diseases indicating an impure condition of the Blood, Liver, Kidneys, Stomach, etc. It corrects indigestion, especially when the complaint is of an exhaustive nature, having a tendency to lessen the vigor of the brain and nervous system.

Startling but True.

WILLS POINT, Texas, December 1, 1885. After suffering for more than three years with disease of the throat and lungs, I got so low last spring I was entirely unable to do anything, and my cough was so bad I scarcely slept any at night. Cure for Piles.

Piles are frequently preceded by a sense of weight in the back, loins and lower part of the abdomen, causing the patient to suppose he has some affection of the kidneys or neighboring organs. At times symptoms of indigestion are present, flatuency, uneasiness of the stomach, etc. A moisture like perspiration, producing a very disagreeable itching, after getting warm, is a common attendant. Blind, bleeding and itching piles yield at once to the application of Dr. Bosanko's Pile Remedy, which acts directly on the parts affected, absorbing the Tumors, allaying the intense itching, and effecting a permanent cure. A Notable Event.

The following translation of a circular issued in French will be understood without expladation:

The French population of Los Angeles is invited to assemble at the hall of the "French Circle," on Wednesday evening, December first, at half-past seven o'clock, to receive the Hon. Mr. Spuller, of the Chamber of Deputies of France, and his friends.

The reception will take place from half-past seven to nine o'clock of that evening.

Dated Los Angeles, November 30th, 1886.

The French Consular Agent,
L. LEOB.

An observing gentleman employed a little leisure on a recent day counting the dwelling-houses now building in San Diego. His count reached to two hundred. This means employment for one thousand tradesmen and shelter for and other thousand population. We understand he took no note of business houses under way. Every day new buildings are begun. In the language of an early resident, "San Diego is going to be a town."—*Union.*

Mr. and Mrs. W. J. Florence.

Mr. Alf. Hayman arrived here yesterday in advance of Mr. and Mrs. W. J. Florence, who commence a week's engagement at the Opera House on next Monday evening in their world-renowned comedy, "The Mighty Dollar." There is considerable interest and not a little satisfaction felt at the coming of these two great stars, and an audience of the most brilliant and fashionable kind is certain to bid them a hearty welcome next Monday evening. They will produce during their engagement here five of the most popular plays, each play being limited to one representation. Monday evening, as above stated, "The Mighty Dollar" will be presented, and we doubt if there is any play on the American stage as well known to theatergoers as this. As a political satire, interpreted by Mr. Florence (the Hon. Bardwell Slote), and as a society pasquinade, rendered by Mrs. Florence (Mrs. General Gilflory), the piece has been voted a great favorite by "a large majority," not only in this country, but also in England, Scotland and Germany. Tuesday evening "Our Governor" will be presented. Mr. Florence assumes the title role and Mrs. Florence that of Matilda Starr, an English authoress. Wednesday evening "Dombey and Son," with Mr. Florence as Captain Cuttle, a character in which he has no equal. Thursday evening, "The Ticket-of-Leave Man," with Mr. Florence in his original creation of "Dad" Brierly. Friday evening an amusing satire on New York society entitled "The Flirt." Mr. and Mrs. Florence are so thoroughly well known that comment upon them is unnecessary. As comedians they have no equal, and Mrs. Florence will display some specimens of the dressmaker's art which will be dazzling. The sale of seats will commence Thursday at the regular prices.

Blame It to the Cigarette.

Yesterday morning about 9 o'clock a young man approached the fountain in front of the Temple block to take a drink of water. He had a lighted cigarette between his lips which he removed to his fingers in order to quaff the liquid which comes down to us from the far-away Crystal Springs. As he did so an explosion with a noise as loud as the report of a rifle took place, and the fountain with the nude damsel tottered and leaned over. The granite foundation of the fountain was also displaced. It is supposed that some kind of inflammable gas had collected under the base of the monument and that it took fire from the light of the cigarette. Several persons whose business keeps them generally in the environs of the fountain said that they had detected for several days the odors of some gas around the fountain. Nobody was hurt by the explosion, though the bystanders were considerably scared. The City Council in the evening ordered the fountain repaired.

Bargains for the People!

A WEEK HENCE WE OPEN OUR TOY AND HOLIDAY GOODS DEPARTMENT. The stock is so large that we need all the available space we can get in our main stores, although utilizing 30x120 feet for the display and sale in our basement. This necessitates the sale this week of **ALL OUR CENTER TABLE GOODS,** of the piles of goods in front of our show windows, and the goods scattered throughout the aisles of the store.

We Have Made a General Reduction

On all these goods and priced them so they'll sell. Besides this we have two days more to sell goods during the month of November, and we are ambitious to swell our sales and volume of business, even though there is no profit in it for us. We'll guarantee to make trade lively. To this end we have laid out a number of articles in every department in the house, and if you need any you won't be able to resist our prices. Our determination is to

Force Trade Next Week!

To sell goods whether you want them to day or no. You can afford to buy at present prices and use them when you have needs. And the goods you are asked to buy are not old shop-worn goods, but merchandise hardly cold from the best looms of the world. Our all wool goods have been marvelously low this year. We sold 54-inch goods at 60c. a yard that merchants actually begged us to sell to them at 70c. But we want our customers to get the benefit of our cheap goods. A few cents, more or less, is nothing to us. The advertising our cheap goods do us is more benefit and advantageous to us than hundreds of dollars spent in other channels.

WE FEEL CONFIDENT WE CAN INTEREST. WE KNOW YOU'LL BUY, FOR AN APPRECIATIVE PUBLIC ALWAYS WILL.

See Our Dress Goods,
See Our Silks,

AND IF YOU NEED ANY THEY ARE VERY CHEAP.
